You spent

more in fuel costs over 5

compared to the average new

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 24 MPG and costs 11000 to fuel over 5 years. Cost estimates are based on 15000 miles per year at \$3.5 per gallon. MPGe is miles per gasoline gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.
